

**TrueDTP TrueDTP** is a CAD&DTP converter for DWG DGN PDF SVG DWF and many more file formats. Converts a variety of file formats to different Vector , Raster & Internet formats.

**TrueDTP** is application is indispensable for:

- **Archiving** of technical documentation (e.g. TIFF PDF/A1-a ...)
- **Publishing** documents on the Internet (e.g. as PDF or DWF)
- Creating electronic copies of documents
- Preparing DTP materials (EPS , AI-Adobe Illustrator)

**TrueDTP** supports following formats:

### INPUT

Autocad© **DXF** 9-2009 incl.  
Autodesk ADT®  
Autocad© **DWG** 9-2009 incl.  
Autodesk ADT®  
MicroStation **DGN** 7,8  
**HPGL, HPGL/2 (PLT)**  
DWF 4,5,6  
**PDF**

### OUTPUT

PDF , **PDF/A-1a, PDF/A1-b**  
**EPS, AI (Adobe Illustrator)**  
**HPGL, HPGL/2 1:1**  
WMF, EMF , EMF Plus, EMF  
**SVG, SVGZ**  
DWF 4,5,6 (2D)  
DXF DWG 10-2006  
**SWF** Flash  
JPG, BMP, GIF, PNG  
TIFF, CCITT Fax G3, Fax4 G4  
**Multipage TIFF**

**TrueDTP** Highlights:

Automatic input drawing Size detection

1:1 Size conversion

Conversion in **Batch-Mode**

Watch-Directory function

Conversion of whole directory trees

Multilingual User Interface

Available as DLL Software Component for SoftwareDeveloper (.Net, C#, C++, VB)

Definition of document properties (Title, Author...)

Both the input and output formats can be **configured** , so that only this formats must be licensed which you need.

There is a possibility to purchase additional licenses for further formats.
